Memories ...

A black and white photograph of a crowd of students at a school event, possibly a pep assembly. The students are cheering, with some raising their hands. The photo is framed by a large white 'V' shape. In the foreground, a student in a dark sweater and plaid skirt is seen from the back, with their legs crossed. To their right, a student in a light-colored striped shirt and dark skirt is cheering with her arms raised. Other students are visible in the background, some wearing sweaters and others in collared shirts. The overall atmosphere is one of excitement and school spirit.

FOREWORD

Among the greatest treasures which we will take away with us when we leave high school will be our memories. Whether they be of joys or of disappointments, of triumphs and delight or of frustrations and sorrow, we will value them all as precious souvenirs of a part of our lives which we can never experience again. Many years from now we will look back on our high school years with deep emotions--admiration and respect for the capable leaders from whom we learned, pride in our efforts and labors in the workshop of education, elation in the joys we experienced and the honors we received, nostalgia for the friends and the tasks of our youth.

In the 1965 VISTA we have endeavored to present a collection of some of our memories of Sullivan High School. Perhaps in the years to come it will serve as a useful reminder to us when we pause to look back on the vista of our wonderful high school years.

DEDICATION

In searching for someone who is admired by the student body at Sullivan, we wish to select one who is not merely a teacher but also a respected friend- a friend who understands the uncertainties of youth and encourages progress toward assuming the responsibilities of adulthood. She instills in us a desire to cultivate high ideals and to possess an open-minded tolerance for others. In addition to guiding us, she firmly believes in and works toward high ideals in her own daily life.

We, at Sullivan Junior High School, feel that we have ended our search in the selection of Mrs. Mary P. Gettys to whom we proudly dedicate this sixth edition of the VISTA.
